

Life Goes On

Terror

Say I got a problem with everything
Can't see this clear and I won't change
It's been dragging me down for so long
The only thing left is for me to walkLife goes on
With or without you
I'm not sorry
I doubted youLost hope, it's broke
What do you want to hear me say?
You are the one that never bothered
Set free by turning awayLife goes on
With or without you
I'm not sorry
I doubted youKeep asking yourself what went wrong
I'm already gone
Still asking yourself what went wrong
(I'm too far gone)Too many times you said get lost
Well now it's happening, this time it's happening
Too many times you said fuck off
I regret our paths ever crossed
