Texas Guys

Debby Ryan

A cowboy hottie put a rope around my heart,
And everything was awesome at the start,
Then he kissed a bleach blond waitress,
And I saw through his disguise.
Oh I've had it up to here with those Texas guys.

So now I'm here in NYC,
Gotta find a guy who's only into me,
The lone star state is great,
But I said my goodbyes.
I've had it up to here with those Texas guys,
Oh I've had it up to here with those Texas guys.
