# Trap Door

## OneRepublic

You say you're a minute from the deep end
You cut cold the courtesy it's sink or swim now
and your body's aching for a breath I'll give it to you
With a trap door to take in of all of this

Come away come away now
You won't stand from a fall
Hear me say it
Come away come away now
'Cause your too close to me to come

I've seen the foolish shame the ways
You just kept crying with his own surprises
And your Trojan horse is big enough to save them all
And you're not a foolish one at all

Come away come away now
You won't stand from a fall
Can you hear me say it
Come away come away now
'Cause your too close to me to come

Yes you're too close

Lost the feeling you know
You're the victim of
Kick start the clothes let it go
You don't need them
Only flesh blood and bones I'm the same old guy

If I were to know today

Come away come away now
You won't stand from a fall
Hear me say it
Come away come away now
'Cause your too close now

Ooh, ooh
Come away

Oh
