

# The River

Andrea Faustini

Born with a weakness.  
Drawn to the flame.  
Heart held out, holding out to be saved.  
Waiting at the crossroads.  
I close my eyes.  
I stepped down.  
I ran out, into the wild.  
Oh x7  
Give in to me.  
Feels so good when I'm ya.  
Hurt me, now I'll forgive you, oh.  
I wanna feel whole again.  
Take my hand, and lead me back to the river.  
Feels so good when I'm ya.  
Hurt me, now I'll forgive you, oh.  
I wanna feel whole again.  
Take my hand, and lead me back to the river.  
Walking with my hands up.  
I'm not gonna lie.  
I gave in, face to face with desire.  
I'm climbing up to heaven.  
But I'm drowning in the rain.  
Step by step.  
Baby let's do it again.  
Oh x7  
Give in to me.  
Feels so good when I'm ya.  
Hurt me, now I'll forgive you, oh.  
I wanna feel whole again.  
Take my hand, and lead me back to the river.  
Feels so good when I'm ya.  
Hurt me, now I'll forgive you, oh.  
I wanna feel whole again.  
Take my hand, and lead me back to the river.  
Hold me down in the raging waves.  
I don't wanna be pure.  
I don't wanna be saved.  
Take me now.  
Take me now.

Feels so good when I'm ya.  
Hurt me, now I'll forgive you, oh.  
I wanna feel whole again.  
Take my hand, and lead me back to the river.  
Feels so good when I'm ya.  
Hurt me, now I'll forgive you, oh.  
I wanna feel whole again.  
Take my hand, and lead me back to the river.
