Orgasm Through Torture

Cannibal Corpse

Suffer to survive
Instinct I despiseStalking the night, searching for a victim to defile
Cock she craves today, cum she wants to spray
And to reach the orgasm through tortureFrom behind, pain shivering down my spine
I feel paralyzed only controlling my mindStrapped to a table, naked, genitals exposed
Eyes claimed open, mouth gagged shut, terrified
Locks my scrotum in a vice and tightens forcefully
Agony, silent screams, want to dieShackled and bound, unaware my fate
Destined to be maimed to stimulateThe skin is peeled off my dick done with a razor blade
She begins to suck blood and cum amok
She rips my cock off with her teeth
Masticate, gnawing and chewing the stump
She regurgitates, I'm covered in my bloody chunksSuffer to survive
Instinct I despiseI am alive, victimized
Tortured fate, asexual state
