

Take A Bump

Three 6 Mafia

Break bre break bre breakout the dollar and take a bump
Pick out the seeds and spit the blunt
If you wanna get numb froze and slump
If you got what I want won't you give me some
How high can you get on that [unverified]
([Unverified])
How high can you get sippin' gin and juice?
(Gin and juice)
How high can you get sittin' next to me?
(Next to me)
How high can you get on that XTC?
(XTC)
How high can you get on the ball of snow?
(Ball of snow)
How high can you get wit a Optimo?

Now how high can you get when you fuck with that 6?
Now how high can you get if you take a lil' hit?
Now how high can you get if you snort a lil' bit?
'Bout as high as you was before you started lil' bitch
Now how high can you get if you stomp the whole ground?
I could answer that question you'll be as high as I am
Now how high can you get if you of a couple my tail?
A designated driver need it 'cause you goin' to jail don't play
Break bre break bre breakout the dollar and take a bump
Pick out the seeds and spit the blunt
If you wanna get numb froze and slump
If you got what I want won't you give me some
Break bre break bre breakout the dollar and take a bump
Pick out the seeds and spit the blunt
If you wanna get numb froze and slump
If you got what I want won't you give me some

(For real)
Blackhaven style put the glock up to ya mouth

(Klack, klack)

I'm trippin' like this is an Anna song
Crunchy Crazy Azz gotcha trippin' on this weed bong
Uh, uh, uh, you could trust me
Sell you straight weed or some straight P
Lately I've just been me nigga, me nigga hate me
I be smokin on the fuckin' bud, nigga lately
Now y'all gonna hate up on a thug
Yo, yo, yo, yeah, for real you be high like that
Snortin' up the powder pack
Pure white funky town take me where the chronic at
Tightcamafiakup? filled with hennessy and sprite
For all night hit me up 404, yeah right
Uh, uh, uh, nigga lately
On ya fuckin' P milli me it be dank weed
Nigga can't you see, can't you see
I be stumbilin' thumbilin'
In the fuckin' street
I be crumbilin' crumblin'
Down the fuckin' weed nigga dank weed
Break bre break bre breakout the dollar and take a bump
Pick out the seeds and spit the blunt
If you wanna get numb froze and slump
If you got what I want won't you give me some
Break bre break bre breakout the dollar and take a bump
Pick out the seeds and spit the blunt
If you wanna get numb froze and slump
If you got what I want won't you give me some
Break bre break bre breakout the dollar and take a bump
Pick out the seeds and spit the blunt
If you wanna get numb froze and slump
If you got what I want won't you give me some
