Mama Cita

Blonde Redhead

I just want some problem into solution ???
This incurable fascination would be totally beaten up
I just want someone to slap me right in the mouth
Did you ever get cursed to while you're walking down the street?
I just want some... ???
Cradle with fascination I would be totally beaten up ???
I just want someone to slap me right in the mouth
Did you ever get cursed to while you're walking down the street?
Please me by a door
Bare feet I ???

PLease me by time?
Bare feet I ???
I will...
return NOW!!!
It's a smell that drives them cause of you
they are not fascinated by my eyes
it's a smell that drives them wild
they are not fascinated by my eyes
