

Human Waste

D.R.I.

Managers and engineers build machines

To steal your dreams

Take a taste of human waste

Farting, belching in your face

Take a taste

Take a taste

Take a taste

Of human waste, farting, belching in your face Managers and engineers build machines

To steal your dreams

Take a taste of human waste

Farting, belching in your face

Human Waste

Human Waste

Human Waste

Take a taste, farting, belching in your face

Take a taste of farting, belching human waste

In your face
