

# My Oxygen (Red Decibel Mix)

## Avalon

I take each breath as if it is my first  
I hold it there, so deep inside me  
'Til I'm about to burst  
I speak each word as if it is Your name I move my lips, I see the whisper  
Stir the gentle flame  
Your heart beats and so does mine  
Your love moves and I know, I'm alive You are my oxygen  
I breathe You in, I breathe You out  
You are my oxygen, You are my love  
You are what life's about You are my oxygen  
You are my oxygen  
You are my oxygen  
You are my oxygen You are the breathe in my lungs  
You are the life that I breath  
Without You my life, Jesus  
I would surely die  
You are my oxygen I take each breath as if it is my last  
You never know what came so slowly  
Could leave us oh, so fast  
I take each step as if it is to You  
I hear Your voice, I feel Your presence  
In everything I do My soul sleeps, Your love revives  
Our hearts meet and I know I'm alive You are my oxygen  
I breathe You in, I breathe You out  
You are my oxygen, You are my love  
You are what life's about I breathe You, I breathe You  
I breathe You, I breathe You  
Breathe You in, breathe You out  
Breathe You in  
Breathe You in, breathe You out The air is thick, the flower sweet  
The shadow comes down  
Tonight the moon is at my feet  
And I breathe You in, I breathe You in to me I'm nobody without You  
If You were not here, what would I do? You are my oxygen  
I breathe You in, oh I breathe You out  
You are my oxygen, You are my love  
You are what life's about You are my oxygen  
I breathe you in, oh I breathe you out  
You are my oxygen, You are my love

You are what life's about You are my oxygen  
Breathe You in, breathe You out  
You are my oxygen, You are my love  
You are what life's about You are my oxygen  
I breathe You out  
You are my oxygen, You are my love  
You are what life's about
