Guiding Me Home

Kutless

There are times I stumble
And I'm up against the wall
I can't walk through this life on my own
Holding onto nothing
And searching for more
I don't need anything else in this world
You say that you love me always and forever
You say that you love me and I know I will never
Deserve all the love that you show
It's the light that is guiding me home
I feel stronger in Your presence
And safe in your hands
Even though i'm oceans away
I'll take the life you've given me
And I'll live it again

It's grace that defines who I am.
You say that you love me always and forever
You say that you love me and I know I will never
Deserve all the love that you show
It's the light that is guiding me home
I'm finding my way back to your shores
Where there's safety and shelter from the storms
And it's here that you're waiting for me
With another chance to...
Say that you love me always and forever
Say that you love me and I know I will never
Deserve all the love that you show
It's the light that is guiding me home
It's the light that is guiding me home
