Smilin'

Coolio

You got me smilin', again you Got me smilin' again Smilin', again you

Got me smilin', againOne night of pleasure, nine months of pain

Three days later and that's when you came

Two arms, two legs, ten fingers, ten toes

Brown eyes like Mom, with your Grandmother's noseEven though you're Momma's baby

And Daddy's little baby

My love is unconditional to one of us is Swayze

Day or night, roll the light, no matter what you do

Like the Jackson 5 said, I'll be there for you 'cozMy life is your life and your life is mine

Through thick and thin I'm your friend 'til the end of time

I'll make sure you get your props, you can call me pops

And anything you need, I'll pull it out of the stopsEven though we're not together like we used to be

D-A-D-Y, you can count on me

'Coz when I'm feelin' down every now and then

I take a look into your eyes and I smile again You got me smilin', again you

Got me smilin' again

Smilin', again you

Got me smilin', againForget about Batman, Superman and the Power Rangers

'Coz I'ma be your hero if you ever in some danger

This ain't the Huckstables and my name ain't Cliff

No matter how old you get, you could get that ass whippedDaddy, don't take no mess

And I ain't gone settle for nothing less than your very best

When I do what I do 'coz you did what you did

It's 'coz I ain't the kind of father that be raising no dumb ass kidsYou gosta be a leader, it's my responsibility to teach ya

Right from wrong and make decisions of your own

I never said that I was perfect but I know you're worth it so

I'ma do my damnest, to make sure you get some chancesSo just listen to your Daddy 'coz he tryin' to tell ya something

And don't let nobody tell ya, I don't love ya 'coz they frontin'

'Coz when I'm feelin' down, every now and then

I take a look into your eyes and I smile again You got me smilin', again you

Got me smilin' again

Smilin', again you

Got me smilin', againYou got me smilin'

La, la, la, la, la, la, la

You got me smilin'

La, la, la, la, la, la, la, la Every day is a struggle, when life is like a puzzle

That we gotta put together, together so and ever

You need a shoulder to cry on and someone you can rely on

Your Daddy's homeI'm tryin' to build a foundation on which you could stand

When you's a grown woman and you's a grown man

I got open ears when the world ain't tryin' to hear

When I can't be there in the flesh, I'm there in the spiritI'm tryna make an impression on the things that you

The knowledge that I give, you could teach your kids I know it's hard growing up 'coz I used to be a youngsta

stand for

So we gon' work as a team

So the [incomprehensible] don't take ya underPeople let me tell ya about my best friends

'Coz I'm down with the children, all the way 'til the end

'Coz when I'm feelin' down, every now and then

I take a look into they eyes and I smile again You got me smilin', again you

Got me smilin' again
Smilin', again you
Got me smilin', againYou got me smilin', again you
Got me smilin' again
Smilin', again you
Got me smilin', again
