Show Out

Unk

Ayee, you already know DJ Unk be runnin' this
I'm a walkin' disco ball and I'm known to blind a chick
Second season, this is it, bigger, record never soft
And I'm back up in this thang, baby, now watch me
Now show out, now show out
Now show out, you such a show off
Now show out, now show out
Now show out, you such a show off
Now show out, now show out
Now show out, you such show off
Now show out, now show out
Now show out, you such a show off
Now bust a move, now bust a move
Now bust a move, now bust a move
Now bust a move
I'm 'bout to show 'em this is what I do
Now do it lil', now do it lil'
Now do it right, now do it right
Now jig with it, now jig with it
Now walk with me, now walk with me
Now bust a move, now bust a move
Now bust a move, now bust a move
Now bust a move
I'm 'bout to show 'em, this is what I do
Now do it lil', now do it lil'
Now do it right, now do it right
Now jig with it, now jig with it
Now walk with me, now walk with me
Now I'm 'bout to show 'em this is what I do
(This is what I do)
You brought your click 'cause, girl, I keep my crew
(I keep my crew)
First I click it, like, bitch, this my woman
Then I pass it to my folk, now he got her
You can't walk like me on my bad day
Watch me get jiggie with it in my MJ's
I'm layed back so relax like a Sunday
I'm too stepin', doin' shows on a Monday
Crank it up a notch, I make the girls get low

First a hug, now she doing it on her tippy toes
Doin' it left, do it right, do it with no hands
And when it's time to wild out do that rock dance
Walk, walk, now walk with me, y'all
Ball, ball, showin' off, y'all
Big o records, number one and I earned my spot
Now do your dance, DJ Unk, show me what ya got
Now show out, now show out
Now show out, you such a show off
Now show out, now show out
Now show out, you such a show off
Now show out, now show out
Now show out, you such show off
Now show out, now show out
Now show out, you such a show off
Now bust a move, now bust a move
Now bust a move, now bust a move
Now bust a move
I'm 'bout to show 'em, this is what I do
Now do it lil', now do it lil'
Now do it right, now do it right
Now jig with it, now jig with it
Now walk with me, now walk with me
Ayee, now bring it back
Do the motorcycle, can you ride?
Watch me dip, bring it up, they lookin' cross eyed
They never seen a sophomore come back like this before
Then go to college but I graduated to the to the door
I want the mulaa, that money, the candy
That guaa, that bread, that shrinky, that skinny
Yo, I brought the party, I steady
The whole club pumped and they screamin' we ready
(We ready)
I bust a move, yea, y'all, round steady
Can hate if ya want but our moves b heavy
Aye, back on the scene and got me twisted
Throw that bitch up, I catch it, you miss it
This ya chance get ya ass up and hit da floor
Tell the DJ to turn it up, I'm showin' off hoe
Lights, camera, action, shorty, I'm the main attraction
Now show out, now show out, now watch me get this right
Now show out, now show out
Now show out, you such a show off
Now show out, now show out
Now show out, you such a show off

Now show out, now show out
Now show out, you such show off
Now show out, now show out
Now show out, you such a show off
Now bust a move, now bust a move
Now bust a move, now bust a move
Now bust a move
I'm 'bout to show 'em, this is what I do
Now do it lil', now do it lil'
Now do it right, now do it right
Now jig with it, now jig with it
Now walk with me, now walk with me
