

# Major Happy's Up and Coming Once Upon a Good Time

## The Rutles

Once upon a good time on this very day  
Somewhere in another universe  
A band got in a van and drove for miles on end  
They just this minute got here with no time to rehearseThey've not even had a sound-check  
But don't worry folks, it's true!  
Whatever Major Happy did for them  
They'll do for youHere we are once again  
On another one-night stand  
Major Happy's up and coming  
Once upon a good time bandMajor Happy, Major Happy, Major Happy  
Made ya happy  
Major Happy's up and coming  
Easy-going good time bandWe're only here  
For you out there  
So give yourselves a great big handMajor Happy, Major Happy, Major Happy  
Made ya happy  
So put your hands together  
And let's really hear it for  
Major Happy's up and coming  
Once upon a good time band
