

Another Satellite

XTC

My heart is taken, it's not lost in space
And I don't want to see your moony moony face
I say, why on earth do you revolve around me?
Aren't you aware of the gravity?
Don't need another satelliteI'm happy standing on my feet of clay
I have no wish to swim your milky, milky way
I say, why on earth do you send your letters 'round here
Only to gum up the atmosphere?
Don't need another satelliteSo circling, we'll orbit another year
Two worlds that won't collide
So circling, we'll orbit another year
Moon still tries to steal the tide awayDon't need another satellite
Don't need another satelliteAbort your mission, let's just say you tried
Before you glimpse I have a darker, darker side
I say, why in Heaven's name do you come on these trips
Only to freeze in a total eclipse?
Don't need another satelliteSo circling, we'll orbit another year
Two worlds that won't collide
So circling, we'll orbit another year
Moon still tries to steal the tide awayDon't need another satellite
Don't need another satellite
Don't need another satellite
Don't need another satellite
