Stay

Ben Jelen

She wakes up and rolls into the kitchen
She turns on her favorite radio
She jumps on the bed
Kisses me as I?m sleeping
And her smile starts
She?s amazing, ever changing
Ooh, you feel like you?re sailing
(Ooh, la, la, la, la)
Ooh, you feel your life changing
(Ooh, la, la, la, la)
Ooh, she?ll bring back that feeling
(Ooh, la, la, la, la)
Ooh, she?ll have you begging
(Ooh, la, la, la, la)
Please, please, please, stay, just stay
(Just stay)
She?s off to yoga just to clear her head out
Sometimes to see the world from upside down
She forgets about the song she?s singing
As my smile starts
She?s amazing, ever changing
Ooh, you feel like you?re sailing
(Ooh, la, la, la, la)
Ooh, you feel your life changing
(Ooh, la, la, la, la)
Ooh, she?ll bring back that feeling
(Ooh, la, la, la, la)
Ooh, she?ll have you begging
(Ooh, la, la, la, la)

Please, please, please, stay
I?ll brush your hair
Tell you you're beautiful when you wake up
(Stay)
Stay awake at night to watch you while your sleeping
(Stay)
Be your confidant for secrets that you?re keeping
(Stay)
I?ll pick you up, girl

(Stay)
I?ll pick your up girl
Ooh, you feel like you?re sailing
(I?ll pick you up, girl, I?ll pick you up, girl)
Ooh, you feel your life changing
(I?ll pick you up, girl, I?ll pick you up, girl)
Ooh, she?ll bring back that feeling
(I?ll pick you up girl, I?ll pick you up girl)
Ooh, she?ll have you begging
Please, please, please, stay
Oh, stay, stay, stay, stay
Stay
(Just stay)
Stay
(I?ll pick you up, girl)
(I?ll pick your up girl)
Stay
(I?ll pick you up, girl)
(I?ll pick your up girl)
