

# Aahhh

## Alu

What is your plan commander?

Caviar Propaganda?

What is the real solution?

Counterfeit Constitution?

Aahhh.

Ventriloquist Magician.

Impostor Politician.

Nuclear Generation.

Dictator Masturbation.

Aahhh.

Cuz you do what you do  
and you say what you want-

Such a beautiful regime.

With your champagne life  
and your botox wife,  
living the American Dream.

So do what you do  
and say what you want.  
Choose your own history.

Take your happy pills.

Pass your liberty bills.

Love your machine.

Aahhh.

(Freedom. Lies. Terror. Cries.

Bloody Skies. Grand Prize)

Baby, shut your little eyes.

Baby, eat all your freedom fries.

Cuz I got word today

the end is coming soon.

Won't you come out and play?

Meet me at the sand dunes.

Baby, shut your little eyes.

Baby, eat all your freedom fries.  
Cuz I got word today the enemy is near.  
But I know where he lives.  
You can find him in the mirror.
