Mem'ries

Charley Pride

Mem'ries, I've got a million of those mem'ries in my mind
Mem'ries, I think I've got enough to leave you behindOhh, mem'ries, they used to make me warm but now I find
Mem'ries only make me feel old before my timeMem'ries, try not to think about the mem'ries all the time
Mem'ries, forget the days when your sweet love was mineOhh, mem'ries, I used to welcome them but now I find
Mem'ries only make me feel old before my timeIs there a way to make them go away, now that I finally realize
Mem'ries only make me feel old before my time
