

Red Roses (Black Vine Mix)

Big Electric Cat

I am the one,
I am the one,
I am the one,
I am the one,Raised on a diet of religion and sex,
Raised on a diet of religion and sex,And as the world is turning,
And all the people stood and stared,
I saw the buildings burning,
(indiscernible)Where'd all the money go?
I said, where'd all the money go?
Spent it on a house and fashionable clothes.
Spent it on a house and fashionable clothes.And as the stars are falling,
Across this land of sea and fire,(...
I look to the mountains, I look to the sea,
There's a blood sucking angel chasing after me,
(indiscernible)
