

Headphones

Hedley

Classroom phobic, I need a moment for me and myself
I'm feelin' this mix tape, fixin' my headache, shut the world out
Oh, yeah I got problems but I got melodies to
solve them
I'm coming up from the bottom, smoke 'em if you got 'em
When the world gets louder, I get louder
When the world gets louder, I get louder
I put my headphones on and go
I put my headphones on and go
Headphones kickin' I'm on a mission trying to get free
I'm not religious but fuck it the music is making me believe
Oh, yeah I got problems but whatever, I forgot 'em
I'm coming up from the bottom, smoke 'em if you got 'em
When the world gets louder, I get louder
When the world gets louder, I get louder
I put my headphones on and go
I put my headphones on and go
I put my headphones on and go
Another state of mind, forget about the time
Where nobody can find me, leave the world behind me
(Yeah) I put my headphones and go
I put my headphones on and go
Far away, a better place, I go
Oh, oh, oh, oh, oh, oh, oh
Oh, oh, oh, oh, oh, oh, oh
I go
Oh, oh, oh, oh, oh, oh, oh
When the world gets louder, I get louder
When the world gets louder, I get louder
I put my headphones on and go
I put my headphones on and go
I put my headphones on and go
Another state of mind, forget about the time
Where nobody can find me, leave the world behind me
(Yeah) I put my headphones and go
I put my headphones on and go
Na na na na na na na na na na
