Eternal Exile

Scream Silence

mourn ....
is all you've left behind in me as token
vows ....
you swore to me in past were brokenproud ...
of your regained elevation
bow ...
me to your vanityjust let me still cry
don't teach me with lies
will forgive if can justifyjust let me still cry
don't teach me with lies
i'll send you in the eternal exiletorn...
my confidence in your devotion
worn
was thrown away without a wee emotionyour eloquence
has disappointed all my sweet illusions
your ignorance
has extinguished my blaze
