

# Eternal Exile

## Scream Silence

mourn ....  
is all you've left behind in me as token  
vows ....  
you swore to me in past were brokenproud ...  
of your regained elevation  
bow ...  
me to your vanityjust let me still cry  
don't teach me with lies  
will forgive if can justifyjust let me still cry  
don't teach me with lies  
i'll send you in the eternal exiletorn...  
my confidence in your devotion  
worn  
was thrown away without a wee emotionyour eloquence  
has disappointed all my sweet illusions  
your ignorance  
has extinguished my blaze
