

# Too Close to the Mirror

Eddie Ruth Bradford

guess im too close to the mirrior  
to see what you see  
while u shower down ya blessings  
ya blessings on me  
not anything i done lord  
as far as i can see  
cause im to close to the mirrior  
to see what you see in me  
sometimes i think about the things  
u have done 4 me  
how you wash away all my sins  
set my spirit free  
then i look back on my life  
i havent always done right  
still goodness and mercy  
follows me everyday of my life hallelujah im to close to the mirrior  
im to close to the mirrior to see what you see  
while you shower down your blessing  
ya blessings on me  
not anything ive done lord as far as i can see  
because im to close to the mirrior to  
see what you see in me  
when i thought about giving up  
you said trust in me  
if you hold on and fant not  
keep your faith in me  
lord you dont see me like i am  
you see me like im gonna be  
so i believe ill run on  
and see what the ends gonna be  
hallelujah in to close to the mirrior  
to see what you see  
while you shower down your blessings  
ya blessings on me  
not anything ive done lord as  
far as i can see  
cause im to close to the mirrior  
to see what you see in me  
to close to the mirrior to see what you see

while you shower down ya blessings  
ya blessings on me  
not anything ive done lord  
as far as i can see  
guess im to close yo the mirrior to  
see what you see in me  
hallelujah im to close to the mirrior to  
see what you see  
while you shower down your bssings  
ya blessings on me  
not anything ive done lord  
as far as i can see  
cause im to close to the mirrior  
to close to the mirrior  
to close to the mirrior to see what you see  
in me
