Everything Is One Big Christmas Tree

The Magnetic Fields

Everything is one big Christmas tree All got up with lights and candy All the world is turning prettily

Everyone's awaiting SandyStop mumbling and cheer up Put down the book, pick beer upWhy sit in your dark and lonely room?

Must your every word be sincere?

Here's a vial of laughing gas perfume

See that people smile when you're nearIf they don't like you, screw them Don't leave you fortune to themNein, vielleicht ist Allest nicht ein Traum

Ist Alles ein Albtraum? Nicht, nicht

Alles ist ein groer Tannenbaum

Rotierend im WeltraumgeschichteLa, la, la, la, la, la, la

All got up with lights and candy

All the world is turning prettily

Everyone's awaiting SandyWhere can that Sandy be?

Where can that Sandy be?

Where can that Sandy be?

Where can that Sandy be? Where can that Sandy be?

Where can that Sandy be?
