

Angels In Chorus

Stellar Kart

Ive lived in silence
Held on to You
Like You were
My private piece of truthBut every things changing
Cause I cant contain
When theres a whole world waiting
To hear Your nameAngels in chorus
Join in my song
You are my glorious
You are my GodGrace is contagious
When it gets out
Tears fall as my voice changes
Into a crowd, together nowAngels in chorus
Join in my song
(In my song)
You are my glorious
You are my GodHallelujah
Hallelujah
HallelujahAngels in chorus
Join in my song
You are my glorious
You are my God
(You are my God)Angels in chorus
Join in my song
(In my song)
You are my glorious
You are my GodHallelujah
(You are my God)
Hallelujah
Hallelujah
(You are my God)
