

Who Dat

Dr. Hook

Who dat I see laughing all alone?
Who dat I see faraway from home?
I guess that's me, it must be me Who dat I see racing for the sun?
Who dat said, Ain't never gonna own no one
I guess that's me, it must be me You know, I paid my dues
Every time, I got a little good news
Feeling, I'm hot gonna take my shot
Now how does that sit with you? Who dat I see running by my side?
Who dat coming along just for the ride?
It must be you, it must be you Who dat I see getting too much love?
Who dat never know when he's got enough?
I guess that's me and it must be you You know, I paid my dues
Every time, I got a little good news
Feeling, I'm hot gonna take my shot
Now how does that sit with you? Who dat, I say who dat?
Who dat, I say who dat?
Who dat, I say who dat?
Who dat, I say who dat?
Who dat, I say who dat?
Who dat, I say who dat?
Who dat, I say who dat?
Who dat, I say who dat?
Who dat, I say who dat?
Who dat, I say who dat?
Who dat, I say who dat?
Who dat, I say who dat?
