

# Call of the Wild

## Jag Panzer

[lyrics by Harry Conklin] Raised on leather, weaned on war  
A hell bent rebel overload  
The gleam of a spike, the stain of blood  
All the power contained in a raging flood Conjure the power down below  
Control is loss of control  
Unleashed from the cage  
Out bursting with rage  
Overflowing force of desire  
Come heed the call  
Inside of us all  
Cast all inhibitions in the fire  
It's the call of the wild Skin tight latex is my sin  
Crack of the whip, I love to sting  
Jump into the fire  
The whirlwind of the ring  
Survival of the fittest  
Who's the next to be crowned the king?
