God Is So Good

Garry Moore

(Chorus)
God is so good and i love him
he's always good and you know it
give him the praise every day cause
you know you should better show it(1st Verse)
when i rise in the morning time
i thank the lord
he kept me through the night
hear the birds singing in the trees
sing praise to God in their melody(Chorus)
i've got to tell the world
God is so good and i love him
he's always good and you know it
give him the praise everyday cause
you know you should better show it(2nd Verse)
all my life he's protecting me
from the snare of the enemy
i'm still here in this christian race
all that i am i am by his grace(Chorus)
i've got to tell the world
God is so good and i love him
he's always good and you know it
give him the praise everyday cause
you know you should better show it(Fender Rhodes Solo)(Repeat Chorus)
i've got to tell the world
God is so good and i love him
he's always good and you know it
give him the praise everyday cause
you know you should better show it
