

# I Burn in You

## Lacuna Coil

Slowly fading  
Burnt like fire in a pyre  
Life will disappear with you  
And now  
All I hear is silence  
Somehow  
All I wish for faded in the dark I burn with you  
We'll see it through  
I burn in you  
It will never be the same as it was before  
It's true  
We'll see it through  
I burn in you  
But we'll never be the same as we were before And now  
Feel the heat around me  
See the blaze that burns me  
All of this is tearing me apart I burn with you  
We'll see it through  
I burn in you  
It will never be the same as it was before  
It's true  
We'll see it through  
I burn in you  
But we'll never be the same as we were before Burning the pyre  
Take me in your arms  
And start to burn  
Yearning for life  
Take me in your arms  
And start to burn I burn with you  
We'll see it through  
I burn in you  
It will never be the same as it was before  
It's true  
We'll see it through  
I burn in you  
But we'll never be the same as we were before
