Here With You

Jake Nauta

Part of me wants to love you,
Part of me knows I can't.
A part of me is trying,
But part of me isn't there.
I don't want to hurt you,
But I know I will.
A part of me wonders if you'll love me still.Part of me runs to you,
A part of me falls behind.
A part of me tries to turn back
At the finish line.
No, I don't want to fail you,
But I know I will.
A part of me wonders why you love me still.Coz this time it's forever,
I know more than ever,
That I got it right.
And sweet dreams tell me nothing,
I need hope in something,
And I found it right here with youPart of me wants to follow,
A part of me is letting go.
A part of me is still hiding,
A part of me you don't know.
No, I don't want to give up, I just know I will.
A part of me wonders how you love me still.
Coz I know what it takes to love me still.Coz this time it's forever,
I know more than ever,
That I got it right.
And sweet dreams tell me nothing,
I need hope in something,
And I found it right.
Right here with you,
Right here with you,
Right here with you,
Right here with you,
I've found it right here with you.Coz this time it's forever,
I know more than ever,
That I got it right here with you.
