Skyfall

Ian Maverick

Sittin on the air summers end around the corner
We listen to that record thinkin my piece of nova
I suggest we listen to that channel on the soda
Love in between us we'll never be over
I feel it in my bones, I'll never let you go
When the sky starts to fall, will you regret it all, all?

I want you forever ever, forever ever
Kanye, Andre 3K told it better
But I never never, I never never, ever had a love like this
A love like this, is one of a kind
I'm so blessed to call you mine
If I let you go I'll be out of my mind
Out of my mind

Wait (Wait), somethin don't feel right (right)
You sounded so empty when I called you last night
It seem like you don't care anymore, care anymore
Love just ain't there anymore, there anymore

I wanted you forever ever, forever ever
I gave you all I got but you don't put in no effort
And I never never, I never never, ever wanna love like this

A love like this, is one of a kind
And if you want it you have to fight
If I let you go I'll be out of my mind
Out of my mind

I guess I'm out of my mind
(I guess I'm out of my mind)
I guess I'm out of my mind
(I guess I'm out of my mind)
I guess I'm out of my mind
(I guess I'm out of my mind)
I guess I'm out of my mind
(I guess I'm out of my mind)

I gave you my heart, and then you smashed it into pieces
I would know what am I supposed to trust you after that treason

You ?, admit it
Now you actin like the victim
You can try to forget it but I'm the one who has to live it
Everyday, of my life
You can try but it'll never be right oh no
Everyday of my life
You can try but it'll never be right oh

I wanted you forever ever, forever ever
And all of my friends told me I could do way better
But I never never, I never never, ever wanna love you again
A love like this

I don't wanna see you tomorrow.
