

So Get Up

Cosmic Gate

So get up

So get up Pretty soon it'll all turn to dust (So get up) The end of the earth is upon us

Pretty soon it'll all turn to dust

So get up

Forget the past

Go outside and have a blast So get up The end of the earth is upon us

Pretty soon it'll all turn to dust

So get up

Forget the past

Go outside and have a blast

Go out of your mind, go insane

To a place you never been before

So get up
