

I Cry

Flo Rida

I know caught up in the middle
I cry, just a little when I think of letting go
Oh no gave up on the riddle
I cry, just a little when I think of letting go
I know you wanna? get behind the wheel
But Only one Rida
Eyes shut still got me swimming like a diver
Can't let go I got fans in Okinawa
My heart to japan quake losers and survivors
Norway no you didn't get my flowers
No way to say it better but the killer was a coward
Face just showered
The minute in the hour
Heard about the news whole day went sour
Bitter moments got me feeling like a lemon head
Put you on the box, just as poisonous as cigarettes
Think of my regards but regardless I get arrested
Ain't worried about the killers just the young & restless
Gettin' mad coz the quarter million on my necklace
DUI never said I was driving reckless
You & I know that jealousy is not impressive
Oh no I can't stop I was destined
I know caught up in the middle
I cry, just a little when I think of letting go
Oh no gave up on the riddle
I cry, just a little when I think of letting go
Go,go,go
I know for one in the middle
I cry, just a little when I think of letting go
Oh no gave up on the riddle
I cry, just a little when I think of letting go
Champagne buckets still got two tears in it
And I put that on my tattoo of Jimi Hendrix
Get depressed like the outfit all in it
Coz the breasts tell it all get a meal ticket
Kleenex getting? a call just a lil visit
Sacrifice just to make a hill still vivid
Reality, see when your blessed just kill critics
Bugatti never meant I'm rich, just god fearing

Look at me steering, got no boss staring

Got a good feelin?
cause I'm mic carrying,
Tell his Billie Jeans
I'm on another planet
Thank Classic Truck and Lee Prince Paris
Buy my momma chandeliers on my tears baby
Thirty years you had thought these emotions vanish
Tryna live tryna figure how your sister vanish
No cheers I know you wouldn't panic
I know caught up in the middle
I cry, just a little when I think of letting go
Oh no, gave up on the riddle
I cry, just a little when I think of letting go
Go Go ? go go go go
I know for one in the middle
I cry, just a little when I think of letting go
Oh no, gave up on the riddle
I cry, just a little when I think of letting go
When I need a healing, I just look up to the ceiling
I see the sun coming down I know its all better now
When I need a healing, I just look up to the ceiling
I see the sun coming down I know its all better now
When I need a healing, I just look up to the ceiling
I see the sun coming down I know its all better now
When I need a healing, I just look up to the ceiling
I see the sun coming down I know its all better now
I know, I know, I know, I know I-I-I-I
I think of letting go
go, go, go
I know, for one in the middle
I cry, just a little when I think of letting go
Oh no, gave up on the riddle
I cry, just a little when I think of letting go
I know for one in the middle
I cry, just a little when I think of letting go
Oh no, gave up on the riddle
I cry, just a little when I think of letting go
