

# Time Heals Nothing

## Crowbar

Gone six long years  
It's been so hard without you  
Deep in my head  
I feel the way that you do  
Never can I forget you're gone  
Never can I forget you're gone  
I've been so scared  
But I have grown so far  
You took your life  
You made it all so hard  
Never can I forget you're gone  
Never can I forget you're gone
