

# October Song

[Amy Winehouse](#)

Today my bird flew away  
Gone to find her big blue jay  
Starlight before she took flight  
I sung a lullaby of bird land every night  
Sung for my Ava every night Ava was the morning, now she's gone  
She's reborn like Sarah Vaughan  
In the sanctuary she has found  
Birds surround her sweet sound  
And Ava flies in paradise With dread I woke in my bed  
To shooting pains up in my head  
Lovebird, my beautiful bird  
Spoken 'til one day she couldn't be heard  
She just stopped singing Ava was the morning, now she's gone  
She's reborn like Sarah Vaughan  
In the sanctuary she has found  
Birds surround her sweet sound  
And Ava flies in paradise
