

# Misery

## Gyroscope

How am I supposed to see,  
Since you stole my eyes from me?  
I took you to miniature world,  
You still felt small. Misery misery,  
Misery misery, Simple it is simple, Simple is simple,  
I forget every single word you tell me,  
I forget every single word you tell me,  
Simple it is simple, Simple is simple, Ba-dada-da-da-da da-dada-dada,  
Ba-dada-da-da-da da-dada-dada,  
Ba-dada-da-da-da da-dada-dada,  
Ba-dada-da-da-da, Forget the things I'm missing,  
This life away, I'm pissing,  
You amount to me,  
You account for me, Misery misery,  
Misery misery, Simple it is simple, Simple is simple,  
I forget every single word you tell me,  
I forget every single word you tell me,  
Simple it is simple, Simple is simple,  
I forget every single word you tell me,  
I forget every single word you tell me,  
Simple it is simple, Simple is simple, Ba-dada-da-da-da da-dada-dada,  
Ba-dada-da-da-da da-dada-dada,  
Ba-dada-da-da-da da-dada-dada,  
Ba-dada-da-da-da, Oh... I let you down,  
Oh... I let you down, Oh... I let you down,  
I fucken, let you down. I forget every single word you tell me,  
I forget every single word you tell me,  
Simple it is simple, Simple is simple,  
I forget every single word you tell me,  
I forget every single word you tell me,  
Simple it is simple, Simple is simple, Ba-dada-da-da-da da-dada-dada,  
Ba-dada-da-da-da da-dada-dada,  
Ba-dada-da-da-da da-dada-dada,  
Ba-dada-da-da-da,  
Ba-dada-da-da-da da-dada-dada,  
Ba-dada-da-da-da-dada  
Ba-dada-da-da-da da-dada-dada,  
Ba-dada-da-da-da-dada
