

Girl I Can't Help It (feat. Jermaine Dupri)

Tyrese

Yeah, it's like that
Yea, yo yo yo yo
Yeah I wanna dance
But I'ma make you dance
Yeah I wanna move
But I'ma make you move
Tyrese c'mon It's about 3 o'clock in the mornin'
But the party just really gettin' started
Everybody in the club been drinkin'
And nobody in the club still thinkin' Ohh, and you come walkin' by me up in the V I
I'm singin' ohh
How can I not be expected to get at ya? I'm not tryin' ta piss you off
But I can't leave you alone
'Cuz I want you babe
I want to give it to you
I want to be the only man And maybe later on
You'll come with me to my home
And get on it babe
But for now it's gettin' late baby
So if I sound crazy baby Don't mind me baby I'm just talkin'
Girl I can't help it, girl I can't help it
But when you walked by I just had to touch your body
Girl I can't help it, girl I can't help it You're lookin' so good lookin' you're so fine
I just had to know what you feel like
Sorry if a nigga makes you mad lil' shorty
Girl I can't help it, girl I can't help it Chill out girl the club is crowded
So somebody gonna rub against your body
Any way what the hell did you come for?
Up in here wit them little bitty shorts on Ohh, ain't no reason this game work out for everybody
Ohh, 'cuz you came with your girls and I came with my homies I'm not tryin' ta piss you off
But I can't leave you alone
'Cuz I want you babe
I want to give it to you
I want to be the only man And maybe later on
You'll come with me to my home
And get on me babe
But for now it's gettin' late baby
So if I sound crazy baby Don't mind me baby I'm just talkin'
Girl I can't help it, girl I can't help it

When you walked by I just had to touch your body
Girl I can't help it, girl I can't help it You're lookin' so good you're lookin' you're so fine
I just had to know what you feel like
Sorry if a nigga made you mad lil' shorty
Girl I can't help it girl I can't help it Don't take it as a disrespect
Feelin' good in the party
And girl I can't help myself
Somebody else's gonna touch your body Baby so I just had to beat 'em
To the punch baby
'Cuz I wanna feel you
Baby baby baby I pulls up in my old folk whimsy
Step out V I P in a frenzy
Hey thing look hot I'm on it
Pimp like me, makes sense don't it? Ohh, I don't mean no disrespect but damn shawty
Ohh, I'm sayin' I just wanna touch your body-ody Smile look here mami I'm in a world of my own
Left my chrome in my home I'm just tryin' ta get goin'
See me all bottled up, you all modeled up
Probably followed up this chicks when they want me swallowed up I'm like ohh, still I move with the crowd
Can't even hear what I'm sayin' 'cuz the music is loud it's like
Ohh, but whatever works easy street from the jump
'Cuz I smile or I smirk Don't mind me baby I'm just talkin'
Girl I can't help it, girl I can't help it
When you walked by I just had to touch your body
Girl I can't help it, girl I can't help it You're lookin' so good you're lookin' you're so fine
I just had to know what you feel like
Sorry if a nigga makes you mad lil' shorty
Girl I can't help it girl I can't help it Don't mind me baby I'm just talkin'
Girl I can't help it, girl I can't help it
When you walked by I just had to touch your body
Girl I can't help it, girl I can't help it You're lookin' so good you're lookin' you're so fine
I just had to know what you feel like
Sorry if a nigga makes you mad lil' shorty
Girl I can't help it, girl I can't help it
