

Island Girls

Pau Hana

Other girls to the left, Island Girls to the right
Cause to the right, Pau Hana dance all night
Other girls to the left, Island Girls to the right
Cause to the right, Pau Hana dance all night

Woman, Woman, Woman, Woman, Woman, yeah
Are you ready, This dedicated to all my island girls

Island girls, treat em like a queen
Treat em with respect and dignity
Island girls, keep em where they are to be
Right next to their brothers the island kings

Let me tell you about me island queen
sweet as pikake in the cool cool breeze
Deep in my heart she have me foundation
Every single day she are me number one

Ask you a question, come my side
and play in the water, water
and take a stroll in the moonlight
ask you a favor, can you keep me company
because forever in my kingdom
you'll be my island queen

Let me grant all your island wishes tonight
cool woman no need for no fuss no fight (why yoi yoi yoi)
if you're the kind that get caught up in the things
like fancy clothes and diamond rings
believe me miss you're not my island girl (no you ain't baby)

Island girls, treat em like a queen
Treat em with respect and dignity
Island girls, keep em where they are to be
Right next to their brothers the island kings

big up to Tahitian girls
big up to Fijian girls
big up to New Zealand girls
big up to Samoan girls

big up to Tongan girls
big up to Chamorro girls
big up to Hawaiian girls
big up to our Island girls

Island girls, treat em like a queen
Treat em with respect and dignity
Island girls, keep em where they are to be
Right next to their brothers the island kings

Let me tell you about me island queen
sweet as pikake in the cool cool breeze
Deep in my heart she have me foundation
