

Three Girl Rhumba

Wire

Think of a number, divide it by two
Something is nothing, nothing is nothingOpen a box, tear off the lid
Then think of a number, don't think of an answerOpen your eyes, think of a number
Don't get swept under, a number's a numberA chance encounter you want to avoid the inevitable
So you do, oh yes you do the impossibleNow you ain't got a number, you just want to rhumba
And there ain't no way you're gonna go underGo under, go under, go under, go under
You tell me asunder
Go under, go under, go under, yeah
