

# Have Your Way

[Leah Smith](#)

Verse 1

Spirit of the living God fall fresh among us

Saturate our hearts saturate our hearts

Fill us with your holy fire unified with one desire

Saturate our hearts saturate our hearts

Chorus  
Have your way among us

Have your way among us

We are hungry we are thirsty for your God

Have your way among us

Have your way among us

Break down every wall Lord you are free to move

Verse 2  
Love of God so rich and pure draw us nearer to you Lord

Saturate our hearts saturate our hearts

Open up my eyes to see change my heart Lord move in me

Saturate our hearts saturate our hearts

Bridge  
Let our praise prepare the way

As we glorify your name

Holy Spirit won't you come, won't you come
