

Words Of A Demagogue

Zephyra

Hey, let me tell you a story
It goes something like this
I'll speak and you will listen
You believe in everything I say
You do not need to know me
You do not need to know
You'll follow, I will take the lead
You don't have to think, just have to listen to my words

Everything I say is true
Everything is meant for you
You are mesmerized by me
Like the puppet on the string
I can make you dance and sing
You exist in my reality

Another day, another mind
Another story to tell
You come to me to help you find
All the answers I will give to you
I'll always stand by your side
I tell you what you want to hear
I plant the seeds so deep in you
You don't have to think, just have to listen to my words

Everything I say is true
Everything is meant for you
You are mesmerized by me
Like the puppet on the string
I can make you dance and sing
You exist in my reality

I'll never stop to use my mind
I'll never stop until I find
I will always be the one you have to fight
Fool me one time shame on you
Fool me two times shame on me
I promise you that you will
Never ever fool me again

I'll never stop to use my mind

I'll never stop until I find
I will always be the one you have to fight
Fool me one time shame on you
Fool me two times shame on me
I promise you that you will
Never ever fool me again
Again

Everything I say is true
Everything is meant for you
You are mesmerized by me
Like the puppet on the string
I can make you dance and sing
You exist in my reality
