# Hundred

## Khalid

Life is never easy when you need it to be
Try to knock me down, but I get back on my feet
Everybody's angry and they're coming for me (Coming for me)But I can't give them energy that I won't receive (I won't receive)
So I brush 'em off, I got a lot on my sleeve
Like I'm moving backwards, but it's all on repeat
This place is getting crowded, I got no room to breathe
I hope the only thing I'm losing isn't my memory'Cause the world keeps spinning, the sun won't shine on my face
I'ma keep it moving, got a hundred things I gotta do today
'Cause the world keeps spinning, the sun won't shine on my face
I'ma keep it moving, got a hundred things I gotta do today
Now it's real, take your time, you're almost there
Wherever we're going, gotta be prepared
We'll be fine, are you scared? Are you scared?
People keep on talking 'bout what they wanna be
Walking down the line
But they don't live what they preach (Live what they preach)
Sharing attributes with all our own enemies
You gotta pay to live and even dying ain't free'Cause the world keeps spinning, the sun won't shine on my face
(No, I won't give up, no, I won't give in)
I'ma keep it moving, got a hundred things I gotta do today
(Yeah, and I won't give in, won't give in)
'Cause the world keeps spinning, the sun won't shine on my face
(No, I won't give up, no, I won't give in, no no)
I'ma keep it moving, got a hundred things I gotta do today, yeah
You gotta take it slow (Alright)
Dust yourself off, don't you lose control (Yeah, mmm)
Gotta take it slow
Dust yourself off, don't you lose control
(Dust yourself off, don't you lose control)
You gotta take it slow (Oh)
Dust yourself off, don't you lose control
(Dust yourself off, don't you lose control)
Gotta take it slow
Dust yourself off, don't you lose control
(Dust yourself off, don't you lose control)'Cause the world keeps spinning, the sun won't shine on my faceOutta sight, outta mind, got no time
So blind, hundred days and I'm still alive, what a life

Outta sight, outta mind, got no time
So blind, hundred days and I'm still alive, what a life
Hundred days and I'm still alive
Hundred days and I'm still alive
Its been a hundred, mmm
Hundred, hundred days and I'm still alive
Got a hundred friends, but I'll cut em off, I don't need em
Not like any of them gave a fuck if I was breathing
Summer's over so they switching around like the seasons
Gotta keep my guard up, now I'm playing defense
Everybody wants a favor, everybody needs me
But I'm too busy trying to fight away all of my demons
I'm too busy trying to fight away all of my demons
Everybody wants a favor, everybody needs me
Outta sight, outta mind, got no time
So blind, hundred days and I'm still alive, what a life
Outta sight, outta mind, got no time
So blind, hundred days and I'm still alive, what a life
Hundred days and I'm still alive
Hundred days and I'm still alive
Its been a hundred, mmm
Hundred, hundred days and I'm still alive
