

Don't Go

Craig David

I said some things but I regret 'em now
Girl, I'm sorry, yeah I know you heard it all before
I guess I thought you'd never leave me, no
Never thought that I be in this position now
I confess, for you I'm such a mess
Sleepless nights, got me drinking just to handle it
All those arguments, let's leave 'em in the past
Baby cause I'mma ask, just give me one more chance
Thought I didn't wanna be here no more
I guess you never know what you got 'til it's gone
Cause it could ruin what I see standing you at the door
Girl, I can't see myself here with nobody else if it's not with you
[Chorus]
Don't go, now baby, now don't go
Don't go, now baby, now don't go
Don't go, now baby, now don't go
What would I do, what would I do if I weren't with you?
Don't go, now baby, now don't go
Don't go, now baby, now don't go
Don't go, now baby, now don't go
What would I do, what would I do if I weren't with you?
What would I do, what would I do if I weren't with you?
Girl, I can't see myself here with nobody else if it's not with you
I'm ready to, ready to tell the truth
And to be honest, yeah I know I been acting the fool
But all the things your friends are telling you
Never really know nothing 'bout me and you
Thought I didn't wanna be here no more
I guess you never know what you got 'til it's gone
Cause it could ruin what I see standing you at the door
Girl, I can't see myself here with nobody else if it's not with you
