

# Mine Again (feat. Kristin Kelly)

## Black Lab

there's a place I used to go  
there's a world I used to know  
there was a light and it was you  
every word I say is true  
I say -every day I will wait - till you're mine again  
I will die every day - till you're mine again  
theres no words to explain - no beginning and no end  
I will dream, I will pray - you'll be mine again I can see you dressed in red  
all the secret things you said  
lying barefoot in the grass  
now my heart is in your hands  
your hands -every day I will wait - till you're mine again  
I will die every day - till you're mine again  
theres no words to explain - no beginning and no end  
I will dream, I will pray - you'll be mine again it's just time that runs between us  
it's the ocean underneath us  
it's the picture that won't fade away every day I will wait - you'll be mine again  
brings me close to the day - you'll be mine again  
theres no words to explain - no beginning and no end  
I will dream, I will pray - you'll be mine again
