

# You Say

## Burning Heads

You say, things are going alright,  
Here comes the sun & freedom  
No more pain, no complain You say, if I stick, if I grip, if I run the race  
I will find the answers here, forget about your love  
Forget about your friends, I must stick & grip & run the race,  
I will find the answers in here It's alright, I don't mind, I won't cry then if I don't like  
How much to be free, tell me how it supposed to be  
I don't know I can't comply, I don't want tears go by,  
Life is a daily fight, & we're all in this together, life is a daily fight I'm begin you, to tell me,  
If your choice isn't like mine  
Feel free, to tell me  
But don't mind then if I don't see
