

# Safe Zone

ASHLEE + EVAN

[Verse 1]

I keep an open window  
Worship your body's temple  
It's life  
You crawl into my veins slow  
A high that makes my blood flow  
So high, so high, so high  
Ooh[Chorus]

The taste of your loving  
Your body's all mine, all mine, baby  
When it's going down, I won't drown  
When we're mouth-to-mouth  
I'll save your life, baby  
Alright  
Like a bird, you set me free  
You're the medicine I need  
I'm alive  
When we're down on our knees  
It's give and receive  
We're alive  
Ohh, ohh, baby

[Verse 2]

You walk into my safe zone  
Until our colors expose  
Red light  
Supernatural chemicals  
Sparks and flames until we lose our minds  
Our minds, our mind  
Ooh[Chorus]

The taste of your loving  
Your body's all mine, all mine, baby  
When it's going down, I won't drown  
When we're mouth-to-mouth  
I'll save your life, baby  
Alright  
Like a bird, you set me free  
You're the medicine I need  
I'm alive  
When we're down on our knees

It's give and recieve  
We're alive  
Ohh, ohh, baby  
[Instrumental Break][Chorus]  
Like a bird, you set me free  
You're the medicine I need  
I'm alive  
When we're down on our knees  
It's give and recieve  
We're alive  
Ohh, ohh, baby
