

Memories

Tabea

I thought that I knew you
I thought that I was sure
WeÂ´d spend our life
In peace and in harmony

I loved you so deeply
I could not imagine
You would go away
The very next day.

I thought that you knew me
I thought, that you were sure
WeÂ´d spend our life
In peace and in harmony.

I never was worried
I never imagined
WeÂ´d go our own way
The very next day.

But now things have changed
The pastÂ´s in the past
Those days went by fast,
Remain only memories.
I feel sad
The treasure I had
The love of my life
Belongs to the yesteryear

The times with you IÂ´ll always miss
Our happiness
Life feels so pointless
I fall into loneliness
Tender love did no more last
The pastÂ´s in the past
Those days went by fast
Remain only memories.

I never was worried
I never imagined

Weâ'd go our own way
The very next day.

But now things have changed
The past's in the past
Those days went by fast,
Remain only memories.
I feel sad
The treasure I had
The love of my life
Belongs to the yesteryear

The times with you Iâ'll always miss
Our happiness
Life feels so pointless
I fall into loneliness
Tender love did no more last
The past's in the past
Those days went by fast
Remain only memories.

Lord, please remember me
Hold your hands over me
I know, you will never leave me alone
You take my hands and help me stand on my own, my own

The times with you Iâ'll always miss
Our happiness
Life is not pointless
I don't fall into loneliness
Although love did no more last
The past's in the past
Those days went by fast
Remain only memories.
