Running Faster

Zebra & Giraffe

We keep running faster now
But itâ€™s our souls that lie
A hundred miles
Behind the rush of time
Hides a wounded smile
But we wonâ€™t notice â€“ why?

On your own again?
On your own again?

And time
Will pass me by as I
Relive each moment
Why â€“ canâ€™t I forget the wrong?
And do right

I keep telling myself how
How itâ€™s the other fault
They caused me to try
Being someone else
But itâ€™s not them itâ€™s me
Pretending Iâ€™m not free

On your own again?
On your own again?

And time
Will pass me by as I
Relive each moment
Why â€“ canâ€™t I forget the wrong?
And do right

(Free and innocent
Flawed with no regret) X2
