

# Running Faster

## Zebra & Giraffe

We keep running faster now  
But itâ€™s our souls that lie  
A hundred miles  
Behind the rush of time  
Hides a wounded smile  
But we wonâ€™t notice â€“ why?

On your own again?  
On your own again?

And time  
Will pass me by as I  
Relive each moment  
Why â€“ canâ€™t I forget the wrong?  
And do right

I keep telling myself how  
How itâ€™s the other fault  
They caused me to try  
Being someone else  
But itâ€™s not them itâ€™s me  
Pretending Iâ€™m not free

On your own again?  
On your own again?

And time  
Will pass me by as I  
Relive each moment  
Why â€“ canâ€™t I forget the wrong?  
And do right

(Free and innocent  
Flawed with no regret) X2
