

Too Much

Kylie Minogue

Got to have it
It's like a shock-wave to my brain
To get it together
I have a head full to explain
It gives me a funny feelin'
I gotta find out if it's true
I'll give you the answer, baby
I don't know what we're goin' through
It's too much
It's too much
It's too much, this kind of love
For the first time, for the first time
It's way too much, this kind of love
Not the last time, not the last time
When you read my body
Can you touch my mind?
Will we make it happen
Each and every time?
They say it doesn't happen
Life is struck twice
The first one got me hot
The next was cold but nice
Push me to the brim
And you fill me to the brink
I can't function
I can't think
It's too much
Whoo
It's too much, this kind of love
For the first time, for the first time
It's way too much, this kind of love
Not the last time, not the last time
It's too much, this kind of love
For the first time, for the first time
It's way too much, this kind of love

Not the last time, not the last time
(I can't say what it is)
I can't say, I can't say what it is

If I say what I feel, it's too much
I can't say, I can't say what it is
If I say what I feel, it's too much
(I can't say)
I can't say
(I can't say)
I can't say what it is
If I say what I feel, it's too much
(I can't say)
I can't say
(I can't say)
I can't say what it is
It's too much, this kind of love
For the first time, for the first time
It's way too much, this kind of love
Not the last time, not the last time
(It's too much)
It's too much, this kind of love
For the first time, for the first time
(It's too much, too much, baby)
It's way too much, this kind of love
Not the last time
(It's too much)
The way I feel about you
(It's too much)
The way I feel about you
(It's too much)
The way I feel about you
(It's too much)
Oh, the way I feel about you
(It's too much)
The way I feel about you
(It's too much)
