

Ain't Been Happy With Me

What's Eating Gilbert

The very first time I saw your face, I couldn't believe it was real
You had the sweetest blue eyes and the biggest smile, my heart was yours to steal
But as time went on, light turned to dark, and all was what it seemed
'Cause every time I tried to speak to my mind, true color's what I'd see
Cut all your losses and go find you
another man
'Cause you look so pretty when you're happy
But you ain't been happy with me
You had the charm to light a room, anything to make your day
But when I look back now, we only got along when you had your way
I gave you everything I ever had and still you wanted more
So save your breath, no need to shout when I walk right out your door
So cut all your losses and go find you
another man
'Cause you look so pretty when you're happy
But you ain't been happy with me
[x2]When I'm gone, I hope you think about how you lured me in and pushed me out
The next guy that you choose to love, make sure he's who you want
When I'm gone, I hope you think about how you lured me in and pushed me out
The next guy that you choose to love, make sure he's what you want
Don't waste his time like you wasted mine
So cut all your losses and go find you another man
'Cause you look so pretty when you're happy
But you ain't been happy with me
[x2]Yeah, you look so pretty when you're happy
But you ain't been happy with me
